FREEDMEN'S BUREAU PRESERVATION PROJECT**

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at [www.archives.gov](http://www.archives.gov).

### INTRODUCTION

On the 133 rolls of this microfilm publication, M1904, are reproduced the records of the Kentucky headquarters for the Assistant Commissioner and his staff officers and the subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872. These records consist of bound volumes and unbound records, containing materials that include letters sent and received, monthly reports, registers of complaints, labor contracts, and other records relating to freedmen's claims and bounty payments. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

### HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the

Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

**THE FREEDMEN'S BUREAU IN KENTUCKY**

**ORGANIZATION**

From July 1865 until June 1866, Maj. Gen. C. B. Fisk served as Assistant Commissioner for both Kentucky and Tennessee. Fisk appointed Bvt. Brig. Gen. John Ely to serve as chief superintendent for the Bureau at Kentucky (from March to June 1866). Ely established his headquarters at Louisville, Kentucky, and divided

his operations into five subdistricts: Lexington, Louisville, Northwestern, Southern, and Central. Records relating to Kentucky created prior to Ely's tenure may be included among the files of the Assistant Commissioner for Tennessee.

In June 1866, Maj. Gen. Jeff C. Davis was appointed as the first Assistant Commissioner for Kentucky. Superintendents (or subassistant commissioners) employed under Davis were generally responsible for from 3 to 11 counties, and agents (civilian and military) from 1 to 3 counties. Agents received their orders directly from superintendents, and all superintendents were required to submit monthly reports of their activities to the Assistant Commissioner. Brig. Gen. Sidney Burbank succeeded Davis in March 1867 and was replaced by Maj. Benjamin Runkle, who served from January 1869 to May 1869 as Assistant Commissioner and superintendent of education. In August 1870, when superintendents of education were withdrawn from the states, Runkle served as claims agent for Kentucky until July 1871. H. H. Ray succeeded Runkle as claims agent, and served in this capacity until December 1871. P. J. Overley became the claims agent in January 1872 and remained in this position until the Bureau's operations in Kentucky were discontinued in April. The major subordinate field offices for the Bureau at Kentucky included those with headquarters at Bowling Green, Lebanon, Lexington, Louisville, and Paducah. For a list of known Kentucky subordinate field office personnel and their dates of service, see the Appendix.

#### ACTIVITIES

While the Freedmen's Bureau did not begin full operations in Kentucky until June 1866, its activities in the state generally resembled those conducted in other Southern states. The Bureau supervised labor contracts between planters and freedmen, administered justice, assisted freedmen in the establishment of schools, helped freedmen legalize marriages, and worked with black soldiers and their heirs in processing claims relating to military service.

The regulation of written labor agreements between planters and freedmen was a major concern of the Freedmen's Bureau. In a circular issued on July 24, 1865 (Circular Number 2), Assistant Commissioner Fisk told his subordinates that for both Kentucky and Tennessee freedmen must be free to choose their own employers and that wages were to be based on supply and demand rather than a fixed rate. Bureau officials were to negotiate and approve labor contracts and enforce violations by either party. Compulsory unpaid labor was strictly prohibited. In some areas of Kentucky, planters refused to enter into written agreements with freedmen, and freedmen themselves were reluctant to enter into annual agreements for fear of being reduced to slavery. However, with strong reservations, Bureau officers negotiated monthly agreements for them but encouraged freedmen to sign annual contracts that offered yearlong employment. Wages for monthly contracts ranged from \$8 to \$10 a month for adult male field hands, well below the state's average wage of \$15 a month for men. However by the summer of 1866, with the Bureau's insistence, adult laborers in the tobacco region of the state received \$25 per month and laborers in the farm belt areas earned \$12 per month. In some Kentucky counties, freedmen

received a third of the crops rather than wages. However, because of the shortage of laborers in the state, freedmen were able to demand higher wages, and thus over time the sharecropping system became less attractive.<sup>1</sup>

The Bureau worked to protect the rights and legal status of freedmen, which, despite the ending of slavery by the 13th Amendment, were still endangered by the persistence of the old slave codes. On May 30, 1865, Commissioner Howard issued Circular Number 5, authorizing Assistant Commissioners to establish courts in states where the old codes existed and the right of blacks to testify against whites was prohibited. Gen. Fisk subsequently announced to the citizens of Kentucky that freedmen courts would operate in the state as long as freedmen weren't given the same rights as whites. By 1867, as a result of several Federal court rulings, Bureau courts ceased to operate in Kentucky. When state courts denied black testimony, the agency, under provisions of the Civil Rights Act of 1866, took cases involving freedmen to the U.S. District Court of Kentucky. In instances where freedmen lacked resources to pursue their cases in Federal court, the Bureau provided transportation for witnesses and other forms of assistance. Despite the Bureau's efforts to safeguard rights and secure justice for freedmen in Kentucky, admitting the testimony of blacks against whites still remained an issue in 1869 when Bureau Assistant Commissioners and their subordinates were withdrawn from the states. However, in January 1872, with a change in public opinion and pressure from the courts, the Kentucky State Legislature amended state law and allowed blacks to testify.

When Gen. John Ely began his duties as chief superintendent for Kentucky under Gen. Fisk's supervision, there were 30 freedmen schools and more than 2,000 students. The schools were organized and maintained by black churches, with black clergy as instructors. Freedmen schools faced widespread violence and white opposition, and in many cases, teachers and students were forced to abandon efforts to maintain school buildings. Ely and his subordinate assisted freedmen in reopening schools that had been forced to close.<sup>2</sup> Under Maj. Gen. Jeff C. Davis, who replaced Ely in the summer of 1866, the number of freedmen schools increased to 54, with some 67 teachers and more than 3,200 students. Excluding the schools established at Lexington and Covington under the auspices of the Cincinnati Branch of the Western Freedmen's Aid Society and the Cincinnati Branch of the American Missionary Association, the freedmen schools were taught by black teachers who were supported by subscriptions from parents and black religious institutions. The Bureau, however, rented the building for the school at Lexington. Under Brig. Gen. Sidney Burbank, who succeeded Davis in March 1867, the number of freedmen schools increased to 96, accommodating about 5,000 students aged 6-18. By

September 1868, in spite of continued violence and opposition, the Bureau had provided support for 135 day schools and 1 night school, serving more than 6,000 students.<sup>3</sup>

On February 14, 1866, the Kentucky State Legislature passed an act legalizing marriages freedmen had entered into during slavery and authorizing black ministers to solemnize such marriages. Nearly 2 weeks later, on February 26, 1866, Assistant Commissioner Fisk issued Circular Number 5, in accordance with the Kentucky law, directing those freedmen who sought to solemnize a marriage to the county clerk for a marriage license. If the county clerk refused to issue a license, Bureau officials in the subdistricts were authorized to solemnize marriages and issue marriage certificates. Local Bureau officers were required to maintain a register of freedmen marriages and forward a report of such marriages to the Assistant Commissioner at the end of each month. Subordinate Bureau officers were also told to notify persons living as man and wife who had not legalized their marriage, to report to the Bureau to take the necessary steps to do so. Persons who failed to comply were guilty of a misdemeanor and were to be punished by a fine and imprisonment.<sup>4</sup> This microfilm publication reproduces marriage licenses, certificates, and registers of marriages for the Kentucky subdistricts at Augusta, Bowling Green, Columbus, Cynthiana, Owensboro, Paducah, Mt. Sterling, and Winchester. A single freedmen marriage license and a marriage certificate from Kentucky, filed in the Bureau's headquarters records, has been reproduced on roll 1 of National Archives Microfilm Publication M1875, *Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861-1869*.

In addition to assisting freedmen in solemnizing slave marriages and efforts to sustain the black family, the Bureau helped discharged soldiers, sailors, marines, and their heirs in claims for back pay, bounty payments, and pensions. In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Bureau the sole agent for payment of claims relating to black veterans, Bureau disbursing officers assisted freedmen in the preparation and settlement of military claims. In November 1866, in spite of the difficulties in locating veterans who fled the state for fear of violence, Assistant Commissioner Davis reported that he had forwarded more than 260 black soldiers' claims for back pay and bounty payments to Commissioner Howard's office in Washington, DC. In the following year, Assistant Commissioner Burbank reported that his office had assisted nearly 500 veterans with military claims, and in the fall of 1868, for the year ending October 10, 1868, that more than 1,100 received bounty payments through his office.<sup>5</sup>

**RECORDS DESCRIPTION**

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, registers of freedmen court cases, special orders and circulars issued, registers of claimants, registers of complaints, marriage certificates, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, and general orders and circulars received. The unbound records also contain monthly reports; labor contracts; marriage certificates, and records relating to claims.

Some of the volumes contain more than one type of record, reflecting a common recording practice of clerks and staff officers of that period. On roll 93, for example, the volume of contracts for the Columbus field office also contains a register of marriages. Some other examples of additional series within volumes can be found in records on rolls 106, 123, and 133. Researchers should read carefully the records descriptions and arrangements in the Table of Contents to make full use of these documents.

**RELATED RECORDS**

In the same record group, RG 105, and related to records of the Bureau's field offices for Kentucky, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Tennessee. These record series are available in the following National Archives microfilm publications:

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821-1920, RG 393, are records of the military district that included Kentucky. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865-1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with bank branches in Kentucky.

-------------	---------------------

*Registers of Letters Received*

The twelve volumes of registers of letters received are dated March 1866–April 1872 (1–12). Entries in the first nine registers, March 1866–February 1870, are arranged alphabetically by initial letter of the surname of the correspondent and thereunder chronologically. However, each register does not contain all alphabetical divisions. For example, the “As” are in volumes (1), (3), and (9) only, and the “Gs” are in volumes (1), (2), (3), (6), and (9) only. The volume listings below show the initial letters of surnames included in each volume. The entries within each alphabetical division are numbered with a separate numerical sequence for each year, but don’t always span the time period listed below.

The last three registers, January 1870–April 1872, are arranged by time period. The entries in volumes 10 and 11 are arranged alphabetically by initial letter of the surname of the correspondent and thereunder in chronological order and numbered. The entries in volume 12, July 1871–April 1872, are arranged in chronological order and numbered with a separate numerical sequence for each year. The name index to volume 12 is volume (13) above. The letters received relating to the registers, March 1866–February 1872, are listed below.

April 2<sup>d</sup> 1866

In response to the written  
charge I have to say, that  
after having been annoyed  
by Mr. Storer for three  
days, and after having  
made his contracts in  
duplicate, he wanted the  
contracts changed to the  
form used by his employ-  
ers. He had no blanks  
but was so anxious to  
have the change made that  
he offered to pay anything  
I charged. As they had to  
be written out, I told  
him it would be worth  
ten dollars extra. He  
paid it to my clerk  
cheerfully. He was  
paying "runners" five  
dollars for each hand  
they brought to him.

I obtained six or  
eight for him for which  
he offered to pay me, but  
which I of course, didn't  
need to receive. I think  
that ten dollars was  
very reasonable for doing  
what I am not required  
to do by the regulations,  
and I trust and believe  
that it will be so repaid  
by my superiors in  
office.

I have the honor to inform you  
that Mr. Stancie agent for J. I. Brown & Co of

Dollars extra for making up his contracts for fifty  
one persons, beside the one dollar each which he paid  
for examining and approving the contract for each  
person employed. You will please return this  
paper with a report whether Mr. Stancie stated  
a fact and if so what reasons you have for violating  
the regulations of the Bureau and your instructions

General

In the copy of the communication you did me the honour to send me, I observed that you did not designate to which of the two persons claiming to be Mayor of the City of Lexington, the communication is to be delivered.

I directed the orderly to Jos Wingate on his enquiring of me for the Mayor. He, in my judgment is the Mayor, but de facto Standeford is more in office than Wingate.

I would suggest your sending the same communication to each of them, as that mode will more probably secure action

Respectfully

Circular No. 2

To the Freedmen of the 10th District  
It has been reported at this office that there are a large number of Freedmen (men, women & children) residing in the city of Maysville & the small towns of the district, who are out of employment, and that many of them are living in a state of poverty and wretchedness. All such persons are advised to seek good homes in the country, without delay. Many can obtain employment by applying at my office. All those who do not find employment within ten (10) days from the receipt of this Circular, will be arrested and punished as vagrants. The Freedmen of this district will receive the aid & protection of the Government Agents in all honest endeavors to ameliorate and better their condition. But laziness and idleness will not be tolerated among them. They must

NARA 18  
be industrious and economical and <sup>not</sup> become a burden upon  
the citizens, or the honest, hardworking Freemen of the  
district. They must educate their children and teach  
them habits of honesty and industry. Direct your efforts so  
as to secure the cooperation and assistance of your  
late masters, who will doubtless sustain and aid you  
in all well directed ~~endeavors~~ to render you prosperous,

Sir

I have the honor to inform you that there has been established in the City of Lexington four public schools numbering four hundred pupils with the prospect of an increase to five or six hundred pupils.

These schools have been made to supersede the so called private schools which were in existence when you were here. For school rooms the churches have been secured. I am very desirous of ascertaining how pay for the teachers of these schools can be obtained. The money to be derived from

NARA 59  
the State Tax will not be available until  
April next. Mr Tucker has been at work  
and is now earnestly at work grading these  
Schools.

It is very desirable that I should be  
at once informed how we are to pay these  
teachers. I would also state that there  
is a great necessity for clothing for  
about two hundred children, about evenly  
divided as to sex. Will you be kind  
enough to inform me how much per month  
will be allowed the teachers for their  
services, and what salary Mr Tucker

This man Billingsly is reported  
 Hunter by the "Unconditional Union Men"  
 of this County as a very worthy and competent  
 man. He was formerly a  
 Captain in a Regt. Ky. Ry. —  
 from connection with him I think  
 that he has plenty of determination —  
 an article required here — And  
 I understand that the Sup<sup>r</sup> would  
 pay fees, as published, or did you say  
 that it was abolished and a stipulated  
 salary paid — I have written to two  
 or three good men in each County of  
 my District, (an informal job I assure  
 you) and expect to receive the results  
 of my labor next week — it will take  
 some time as the mails here are only  
 weekly or tri-weekly, except for papers  
 on the Rail Road and then only one  
 mail per day.

Bureau Refugees F<sup>r</sup> & A Lands  
Head Qrs Lexington Sub Dist  
Lexington Ky June 30. 1866.

Brig Genl John C. Ely  
Chief Supt State of Ky  
Louisville  
General.

In transmitting  
the Consolidated reports of the Lexington  
Sub District, I take occasion to set forth  
in brief the condition of affairs among  
the Freedmen in this Sub District.  
Laban.

The freedmen generally speaking are working  
for good wages in all the Districts of  
the Sub Dist, but there is a disposition on  
their part to only engage on short contracts,  
and as most of them are verbal, and  
hence not recorded, in many cases they violate  
them, and leave their employers just at  
the time their services are most needed.  
Still it is thought this may be corrected.  
While by far the greater portion of the  
Freedmen are at work, there are very  
many who are living a life of idleness  
and vagrancy. And as in most cases  
the Civil Authorities refuse to co-operate  
with officers of the Bureau in correcting

MAH 121  
this evil, the remedy for it can only be the presence of troops, and the prospect of arrest and confinement by the officers of the Bureau alone.

### Education

There are in successful operation in this Sub District Twenty Three Schools for Colored Children, the number of pupils attending which is 1428. These Schools are conducted on two systems, namely that of a monthly stipend paid by the parents as tuition the rate averaging \$1.25 per month for each child, the other method is that of free schools in which all colored children of suitable ages are embraced. The money to sustain these free schools has to be obtained from some Charitable Society and the number of such schools is small, but the attendance very large. In Lexington there are Three (3) free public schools for Colored children which were established by the Deacons here, and which have not been discontinued until September. The money for the payment of Teachers employed is not yet received, though application has been made to parties from whom it was confidently expected it could be obtained. The Expense of conducting these schools has been Five hundred Dollars (\$500) and if

1 1 1 1  
7

there are any available funds for school purposes, I respectfully request to be advised of the fact, that I may forward Vouchers for payment. I would here state that the principal object in establishing these public schools was that the colored people here might be in a position to demand from the state their proper proportion of the school fund which is to be collected from them as a Special Tax, and it is believed that the object has been accomplished but the fund will not be available until April next.

#### Paupers and Destitute Freedmen.

This class of persons comparatively small for the number of Freedmen in this Sat District are provided for in some Counties by the Civil Authorities, while in others, they insist that it is the peculiar province of the Bureau to assume the charge of the Destitute. As there is a special tax to be levied by the state for the purpose of maintaining destitute freedmen, it is presumed that the County Authorities will after the collection of said tax assume charge of these cases. In some places there is a lack of buildings at the disposition of the County Authorities which prevents the assistance being given. It is hoped that all these cases may soon be

provided for.

### Marriage Relations.

The freedmen do not seem to appreciate the importance of firmly establishing the relations they held as man and wife prior to their new condition of Freedom. And it not unfrequently happens that husbands abandon their former wives, and seek to marry again entirely ignoring the claims of the mother of their children, and women too are not indisposed to separate from their former husbands. It will require an exercise of the power of the Bureau to correct these evils, as no attention whatever is paid to these things by the Civil Authorities.

### Outrages.

The number of Outrages reported is comparatively few, though still the occurrence of them is more frequent than it should or would be if the civil authorities would properly punish the offenders. The Civil Authorities in most Counties assume to take charge of cases when a white person commits outrages on freedmen provided there are white witnesses, but unless there are the trial before the Court does not amount to any thing, for the majority of the Judges in this last District

refuse to receive evidence against a white man, when the witnesses are persons of color, the Civil Rights bill to the contrary notwithstanding, colored persons are permitted by State law to go before the grand jury and their evidence is received for the purpose of making an indictment, but are not permitted to appear as witnesses when the case is on trial between white and blacks unsupported by white evidence. A remedy for this might be found in the appointment of a United States Commissioner for this part of the state, before whom all cases arising under the Civil Rights bill could be tried. The instructions to the officers of the Bureau in this Sub District are to present the cases as they arise to the Judges of the Courts, and request them to take charge of them and to report their action in the case to this office. I think that during the next month it will be definitely determined how much justice for the black man in testimony of colored witnesses can be obtained. Several cases having been referred to the Civil Courts which will doubtless be brought to trial in July or early in August.

#### Receipts and Expenditures.

The receipts are not in my opinion so

large as they should be, while the Expenditures are in excess of what in my judgment is necessary, and I have with a view of ascertaining the propriety and feasibility of reducing the expense of this Sub District ordered Post Lt Col James H. Rice, Supt 2nd Dist and lately Chief Supt of this Sub District to make a tour of inspection of the various districts where the expenses seem too large for the amount of business transacted with a view of reducing them for months ensuing. I will on receipt of Col Rice's report furnish a copy to your Head Quarters with the least possible delay for your information and action.

In conclusion I have to report that among the better class of citizens there is good feeling towards the Bureau, and while they do not admit the establishment of the Bureau in this State as just. Yet they do not endeavor to resist its de facto existence, but on the contrary much good advice and assistance is proferred by the best citizens of the Sub District. The presence of troops here will without doubt have great influence in supporting the Bureau, and in enabling its officers to carry out the orders under which they are acting. Perhaps the greatest opposition to the Bureau as negro exists

NARA 126  
in Scott, Owen, Boone, Kenton & Harford  
Counties, or at least there have been more  
cases reported than from others. The presence  
of an Agent in Scott County has in a great  
measure caused abuses to cease in that  
County.

I am inclined to believe that there will be  
a better state of feeling among the people  
during the next month which will no doubt  
speedily be brought about by the presence of  
a few troops in each of these Counties,  
or at least when it becomes known that  
troops can be had by asking for them.

General,

I have the honor to acknowledge the receipt of S.O. No 42, appointing John M. Billingsly, Superintendent for Warren County; also to inform you that I have not delivered the same to him, from the simple fact - that it would be refused as the salary named (fifty dollars per month) which is not sufficient to secure brains for the office in Warren County - in this connection I respectfully call your attention to the fact - that the Supt. for Barran, Metcalf, Hart & Green Counties receives one hundred dollars per month with the privilege of two Agents or - forty dollars, while the four Counties named do not contain over three or four hundred more Negroes than the single County of Warren.

I respectfully suggest - that if it is the intention of the Bureau that this District shall

be organized, that it must be done of men  
of such intelligence that they can not, or  
will not work for fifty dollars per month,  
from the fact that the District is totally  
unorganized - in its crude state, and  
it will require the undivided attention of  
every Superintendent for at least one or two  
months to produce anything like order  
out of this mass of chaotic rebellion  
that yet exists here.

I have corresponded with prominent  
Citizens in each of the nineteen Counties com-  
prising this District and can place a Sup<sup>t</sup>  
in each County or divide the District into  
several sub Districts, giving a Sup<sup>t</sup> to two  
or more Counties - making the Negro popu-  
lation the bases - but I can not get  
men to accept the office at fifty dollars  
per month - at least, not such men as  
would, or could do justice to the office.

I respectfully await for further in-  
structions.

I am very respectfully  
Yours  
Chas. L. Johnson

General,

I have the honor  
to inform you that I have this day  
received a letter from W. M. Bollen  
Supt. of Russell County who declines to  
act in that capacity unless he is "paid  
for his service" and that now with the  
additional labor of Discharged Soldiers  
Claims and "no pay", he will be compelled  
to resign.

I respectfully ask that ~~he~~ <sup>he</sup> may  
be retained as Superintendent for  
Russell, Wayne and Adair Counties  
upon the same terms as those upon  
which Saml. Martin is employed.

I also respectfully request  
that I may be authorized to employ  
the following Superintendents, viz:

one for Warren and Edmonson Counties,  
 one for Simpson and Allen Counties,  
 one for Logan and Butler Counties,  
 one for Todd and Muhlenberg Counties,  
 at the same rates, except - when there  
 are but two Counties, they shall have  
 but one Agent - at the same rates.

I respectfully suggest - that  
 this appears <sup>to be</sup> the most feasible plan  
 to organize the District; also that  
 the Counties are divided, per Negro  
 populations, making the labor of the  
 Superintendents as near equal as  
 possible - I am confident of  
 success upon that plan and  
 those rates of pay.

I am very respectfully  
 Yours or Sir

General.

In compliance with directions contained in your letter of 21<sup>st</sup> inst I have the honor to submit herewith an Estimate of the amount of money it will require per month to pay the expenses of the Bureau in this Sub District under the re-organization proposed by me on 18<sup>th</sup> inst. The Estimate approximates as near as possible to the real amount required, although it will be necessarily increased, as more agents and clerks may be appointed.

I would suggest the following changes in the classification proposed by me in my letter of 18<sup>th</sup> inst, viz

Taking Madison County from 4<sup>th</sup> Dist and adding it to 2nd Dist Port Lt Col Rice Supt.

MARCH 21 1864  
Harrison County from 2nd Dist and adding it to  
5th Dist. Coe Ince Supt. Also adding Onokey  
County to 4th Dist to C. Howard Supt.

I do not think it practicable to reduce  
the number of Districts to four (5). It  
will make the districts in my opinion  
entirely too large, and at same time  
will not reduce the expenses of the 5th  
District

General:

You were kind enough to tell me on the 10<sup>th</sup> ult, that if I would forward the enclosed vouchers in ten days from that time, you thought you could pay them.

I most respectfully invite your attention to the following facts, viz:

1<sup>st</sup> That I received the order relieving me on the 18<sup>th</sup> of June - See inclosure

of Major Rice

2- That I accepted the office under very discouraging circumstances. Public opinion was universally averse to the Bureau. I determined to do my duty, and believe that I did.  
(over)

I know that I gave satisfaction to the better class of citizens both white and black. (See paper marked (A,) also (B)

3<sup>rd</sup> That other Superintendents in this Sub. District were paid \$100. per month without objection or delay, while it must be acknowledged that mine was the most difficult position of all.

4<sup>th</sup> - That I made no charge, for either services, rent or other expenses save Clerk hire - for the month of March - the receipts of the office barely paying current expenses.

I have been treated very discourteously by Gen. Sely in various ways - viz:

1<sup>st</sup> After allowing other Superintendents

~~\$100<sup>00</sup>~~ per month he refuse to allow me more than \$75- and because I would not accept that, he cut me down to \$50<sup>00</sup> per month.

2- He cut my Clerk's salary down from \$75<sup>00</sup> to \$60, per month without any notice; and after allowing \$60, (See paper marked (6)) he refused to pay more than \$50 per month.

3<sup>rd</sup> - He discharged my Clerk on the 6<sup>th</sup> of June without consulting me or charging him with any fault.

In view of the foregoing facts, I have deemed it due to my own vindication, to represent the case direct to you, feeling assured that you will not permit such a slight to be put

upon one of your late  
officers without sufficient cause.

I was in the Army with you in  
the fall of 1862 in the march from  
Louisville to Nashville, and remained  
there, until Dec, when I was appointed  
Capt & C. S. M. S. Vols. When promoted

 information that so far as I am aware  
 the administration of Capt Johnson as  
 an Officer of the Bureau was efficient  
 during the month of April, but subsequent  
 to that time I think he paid but little  
 attention to his duties -

As to his integrity the only thing I am  
 cognizant of prejudicial to it is that in  
 three cases have Freedmen represented  
 to me that they each gave to Capt Johnson  
 five dollars for the collection of Bounty  
 Claims which Capt Johnson in turning  
 over the discharges to me failed to ac-  
 -count for or at least made no mention  
 of these cases on the list of those who  
 had paid him - which accompany-  
 -ed the discharges and which he inform-  
 ed me contained the names of all

who had placed this sum of money  
 in his hand to defray the necessary  
 expenses for making the claim - I  
 requested Capt Johnson to call and arrange  
 the matter but up to this time he has  
 failed to do so.

I would also state for your

called at Capt Johnsons office

with the manner in which he  
was conducting the affairs of the

that the Colored people had lost  
all confidence in him, as well  
as a large number of the  
Citizens, some of the very

Men who have signed the enclosed  
recommendation to Gen Davis  
informed me that they thought he  
was doing no good, and that he  
was drinking too much, and that  
a change would be beneficial  
to the Bureau, and upon these  
reports I at once made up my  
mind to relieve him, but having  
no one to put in his place at the  
time I bore with him until an  
order came from your office  
discharging him from further duty  
as an Agent of this Bureau.

As to Capt Johnsons integrity I am  
not fully prepared to answer, but from  
what I can understand he was under  
the influence of liquor a very large  
proportion of his time, and of  
course was not responsible for  
anything that took place in his  
office.

Maj Gen Thomas

Dear Sir, you have doubt  
less, within a few days past been fully  
informed in relation to a raid made  
upon the Jail at Bowling Green Ky, by Harp-  
er leading about 40, men and the usual  
throng of these noted guerrillas,

The fact that the raid must have been  
concocted, the men collected, and the  
work done, and completed within  
a little more than 24 hours, proves  
that there are in this community a  
large body of rascals, and daring des-  
perados, who by their numbers, reso-  
lution, and the facilities they have from  
their citizen friends, of obtaining informa-  
tion, can do, successfully and defiance

to the laws, The feeling here among  
law abiding men, is, that the Civil au-  
thorities are powerless, to execute the laws,  
or afford protection to life or property  
without permanent military and police  
assistance, I may remark further that  
there is a general feeling of insecurity  
here, among those who have been uni-  
formly and unconditionally loyal to the  
Government, They feel that they are in con-  
tinual danger, of usurpation by this band  
of desperadoes, At the suggestion of many  
good citizens I call your attention to these  
matters, hoping that you may think  
proper to occupy this country by a mil-  
itary force, until Harper & his band  
are captured, or permanently driven  
from the country, Lieut Hah, who has  
spent some days here in command  
of a detachment of regulars, has acquired  
considerable information about these  
matters which he can communicate.

It is due to Lieut. Hale & the detachment  
of soldiers under his command, here  
to mention, (which I do with pride and  
satisfaction) their gentlemanly bearing and  
departure while here,

Should a reply be deemed by you proper  
in answer to this communication  
Address, Col R H Earnest Sheriff of Lemp

today be absent from home for

On that occasion the General was kind enough to tell me that the accounts would probably be paid in ten days from that time.

The next day he was informed that Charges had been preferred against me, and that they must be investigated before the accounts could be paid. He also says he was unable to get the papers to return to me as requested in case he should not get the money.

I have waited patiently but have heard nothing further of the matter. I now respectfully request that you advise me of the state of the case.

Dear Sir on my arrival at this place after leaving your office I found things in a most wretched condition. Freed men are shot almost nightly. Two were shot last night within a mile of town another mans wife was dragged from her bed and ravished by the four infernal scoundrels in the presence of her husband he being held a prisoner. one was shot in town the day I got here one wreckage. Major Lawrence is perfectly powerless the civil authorities will do nothing. and unless some help can be sent to enable the agent to stop these outrages the whole population will be driven from their homes. Dear Sir

It is with sorrow that I am compelled to endorse the forgoing letter of Col. S. F. Johnson, his statements are but too true, that we are in a dangerous condition is without a doubt. I have been ordered to leave the country, and for what? I have served my Country through the war, and now receive my reward (!) the names given us to our faces are G-d-d-d yankes, abolitionists, &c. "Forbearance places to be a virtue" and something must be done. Insults and threats are frequently received by us.

If it is consistent for you to send us a few soldiers, I am sure it would be an

act of Kindness long remembered by the true  
Union men of this Community.

I am, Genl. with respect, your friend

Genl. Davis:

Cromwell, N. Y.

Sir;—

I have the honor to inform you that having served four years in the Federal Army, and raised two Regiments for the same, and having been honorably Discharged, and having engaged in business to make a living for myself and family, I had hoped that with the close of the war and restoration of peace, that all men would be allowed to return to their peaceful avocations. But we find that in this country, any man who has acted as an officer in the federal Army, is not safe in Life or property. I, in common with a number of other Officers, have recd Notice to leave the Country, and the State, the Post Master has been ordered off, a

good many have left and others are leaving.

In Simpson County it is no better, a Federal Soldier was recently shot in Simpson without the least provocation. Negroes are robbed and shot almost Daily. I write this letter at the earnest solicitation of Union men from all parts of the County, the truth is, there is a reign of terror in this Country, such as has never been before. There is but three possible thing for us Union men in this part of the Country, 1<sup>st</sup> to organize on our own responsibility and clear the Country of those who are working for our destruction, 2<sup>nd</sup> receive protection from our Gov't. for which we have sacrificed so much, and imperiled our lives for the last four years, 3<sup>rd</sup> leave the Country for which we have fought and thereby not knowing that our contest was a failure, which it certainly is if the friends of the Gov't. are forced to leave their homes for protection.

The end of the war left most of us, who stood by the Gov't. in this part of the Country - Poor, nothing being left that the thieving bands of Guerrillas could steal or destroy. But that little was dear to us, the homes of our wives and children, and doubly dear as the sacred spot to which our minds turned during the last four year of dreadful strife, contending for our Gov't. our homes, and the flag of our glorious Country.

Will the Gov't. leave us in this extremity? Something must be done, and that speedily, there is but a handful of Union Men in this place, we are daily insulted, Cheers for Jeff Davis are daily heard and rebel Flags are displayed at their public gatherings. We are hourly looking for such demonstrations of Violence as was exhibited in Sigtow when Union Men and Federal Officers were assassinated in the streets, and the murderers of these Men are here now, to <sup>at this appointed time</sup> uncover their deeds of blood, which time it is believed will be about

the approaching Election

I have the honor to recommend the appointment of A. S. Bloom as Agent of Harrison & Pendleton Counties, with a salary of \$75<sup>00</sup> per month. Mr. Bloom was formerly Major of the 7th Ky Cavalry and served his Country for four years.

I am of the opinion he will make an excellent Agent. The Counties of Harrison and Pendleton are among the largest of the former slave holding population and there is necessity of an Agency being established there.

I have the honor to inform you that the feeling towards the Freedmen in this Dist is growing much worse every day and in many of the counties the civil authorities give them no protection whatever - outrages of the most serious character are committed on them daily and unless they are given greater protection by the United States they will in many portions of the State be compelled to leave. There are in the counties of Boone, Owen, Gallatin, Grant, and Scott a regular organized Mob known as the Negro Regulators who go about through these counties at night in disguise - beating and abusing their people in a most shocking manner. I am of the opinion that a small detachment of Cavalry - under a

good discreet officers. to go through these counties.  
could do a great deal in the way of breaking  
up these gangs -

The Freedmen are as a general thing behaving  
themselves well - and I cannot account for  
the cruel manners in which they are treated

No action by the Civil Authorities to arrest any white person guilty of outrages upon the blacks nor will they adjudicate cases where black testimony will convict the whites. The apparently excess of outrages committed in the section under Capt Rodriguez over the other sections, arise from the fact that the troops have been at his Head Quarters during the month, the other sections being without troops until near the end of the month the Superintendents had but few days to adjudicate prior to report.

In compliance with your letter of the 10th inst, I have the honor to inform you that I have relieved W H Rogers Supt 6th Dist Lex Jnt S Ky to date September 20<sup>th</sup> 1866, also his agent C H Van Dine to date Sept 30th 1866 his services in my opinion being no longer required.

I would also state that after making a thorough inspection of the Bureau in the 6th dist, and being very much dissatisfied with the manner in which Mr Rogers has conducted affairs in his district and the improbability of getting a suitable man in that part of the state to accept a position in the Bureau, I have thought best to order Lieut George Buff VRC to Greensburg to take charge of the Bureau in that District.

I find on investigating Mr Rogers official conduct, that he has appointed two (2) Agents for the Bureau in his district - without my knowledge or consent - Joseph Doling at Catlettsburgh and A A Zeigler for Lawrence County Ky at a salary of \$50<sup>00</sup> per month - These young men have been discharging the duties of Agents since the 4th of last June without even being reported to the Head Quarter by Mr Rogers in any capacity.

Mr Rogers informed them that he had power to appoint Agents, and led them to believe they were recognized by the Asst Commissioner as such and would be paid.

I have informed these Agents that they were not recognized by the Asst Comr and would not be paid for their services.

One of the outrages in Casby Rodriguez's district (Simpson Co) was a deliberate attempt to kill a Freedman (one arm since amputated) and the Civil authorities rendered a verdict of "not guilty" because colored persons only witnessed the act and their evidence was not admitted by the Court. Upon receiving information of that fact I immediately ordered his arrest and forwarded troops to execute the order, but he had fled the State. In the other parts of the Sub District outrages are less frequent and there appears to be less opposition to the Bureau by the Citizens generally.
